

**Response to All Questions Posted to Date
COMET – Pension System Resumption Project
Invitation to Partner No. 2004-3494**

CALPERS-OSS-212 (12/31/03)

| Question | CalPERS Response | Date Posted to Website |
|--|---|------------------------|
| 1. Will we get a list of all the attendees at the conference? | The Vendor Conference Sign-In Sheet will be published as part of Addendum Number 1 . | 03/01/05 |
| 2. For the unified data base that was mentioned earlier, is there an existing platform or preferred platform for the new system? | There is a common data base that has been established and we will provide the details of that and our entire technical infrastructure in the RFP itself. This is an alternative procurement, so we are open to any suggestions. We have not defined the technical requirements at this point. | 03/01/05 |
| 3. Based on the fact you are moving to JAVA will you require your solution to be J2EE compliant? | Technical requirements will be defined in the Request for Proposal. | 03/01/05 |
| 4. Please define ‘subcontractors’ as referenced in the limitation on partners sections on pages 3 (section I.C.5) and 14 (section IV.H). Specifically, is the definition limited to System Integrators or also to Independent Software Vendors (ISV)/solution providers? | Please see Addendum No. 3 for clarifications to language in Sections I.C.5 and IV.H. | 03/16/05 |

| | | |
|---|--|-----------------|
| <p>5. Is there additional information available that would clarify the need for satisfying the TCP/IP network requirement (section II.C.1.b) as it relates to the project? Is the requirement to implement applications on a TCP/IP network instead of implementing the network itself?</p> | <p>Please see Addendum No. 3 for clarifications to this requirement.</p> | <p>03/16/05</p> |
| <p>6. If a vendor responds to this ITP as a prime contractor, are they precluded from subsequently being proposed on the RFP response as a sub-contractor and not submitting an RFP response as a prime?</p> | <p>CalPERS understands the question to be “If a Vendor responds to this ITP as a prime contractor and then does not participate in the RFP procurement process as a prime contractor, are they precluded from subsequently being proposed as a subcontractor on another QBP’s RFP response?”</p> <p>No, however the Vendor must meet all of the requirements of a subcontractor listed in the RFP.</p> | <p>03/16/05</p> |
